

COST BASIS ELECTION FORM

The cost basis of covered shares, generally shares acquired on or after January 1, 2012, is determined using the fund's default method, unless you elect another method. The DDJ Funds default method is Average Cost. Complete this form to elect a different cost basis method for covered shares.

Do not use this form to elect a cost basis method for non-covered shares (generally shares acquired prior to January 1, 2012), or retirement accounts.

Non-covered shares are redeemed prior to covered shares unless otherwise specified at the time of the redemption.
